Mindfulness

Mindfulness means bringing
attention to the experiences
occurring in the present moment.
When we practice mindfulness,
our thoughts tune into what we
are sensing in the present
moment rather than rehashing
the past or imagining the future.

Note from Mrs. Craig, Principal

We had a delightful first week at Happy Valley Primary School. In the first three days, I saw children learning about authors, designing their own classroom contracts, engaged in learning from their teachers and each other. Our teachers and staff have prepared for an incredible learning journey for your children. Our minimum day schedule will give our teachers and staff time to work together to prepare additional learning opportunities for them.

This Thursday, please, join us for Back to School Night. The evening will begin in the primary school cafeteria at 6 o'clock. We are looking forward to seeing you all and sharing a peek at what the year has in store for our students.

If you haven't already done so, please complete the forms from the first day packets. This will help us to keep accurate records and take care of our students while they are at school.

On the first day of school, we had our first Coffee with the Principal. It was nice to visit with families and kick off the year with coffee and good cheer. Mark your calendars for next month. I hope you will join me for coffee on September 10, at 7:30, in Room 1.

**We look forward to
seeing everyone at Back
to School Night.**
