Distance Learning – Acknowledgement and Consent

Dear Parents and Guardians:

Because of the school closures due to the coronavirus (COVID-19), the District is providing distance learning opportunities in order to provide your student with ongoing access to learning. This form identifies the distance learning opportunities, or platforms, that the District may use and asks for you to sign and return the attached form for your student to participate in these opportunities.

Distance learning is an instructional model in which the student and instructor are in different locations. Distance learning is being defined by the State of California to include video or audio instruction in which the primary mode of communication between the student and instructor is online interaction, instructional television, video, telecourses or conferences, or other instruction that relies on a computer, virtual or communications technologies. It may also include the use of print materials incorporating assignments that are the subject of written or oral feedback. The aim of distance learning is to allow educators and providers, in collaboration with the District, to provide ongoing instruction and high-quality educational opportunities.

The District anticipates, at this time, utilizing the following platforms to support your student during this period:

- The learning portal is located on the Happy Valley School District website (www.hvUSD.net), click on the **Distance Learning** tab to enter the Clever Learning Portal

- Attached you will find the **Student Chromebook Agreement HVUSD**. This document will be signed when the device is checked out to the student for use at home during distance learning.

The use of technology for the provision of educational opportunities through distance learning may result in the creation of pupil records, not in the District's control as well as student-generated content, and may result in the unintended revelation of personally identifiable student information beyond the District's control. We acknowledge that many technology platforms maintain data shared on their platforms and want to provide you notice of the same. The District will endeavor to work with the technology companies utilized in the provision of distance learning opportunities to ensure the privacy of our students is maintained consistent with all relevant federal and state laws, including the Federal Educational Rights and Privacy Act (FERPA). We expect these companies will act consistently with common standards of student privacy used when providing educational services. We will make our best efforts to ensure that the collection and use of any student data are limited to educational purposes only and seek to prevent the unauthorized release of student information or use of student data for marketing purposes.
